THE FAY AND NATHAN HOLZMAN

Rosh Chodesh PROGRAM

CONNECTING TO OUR PAST

WIT speakers are bringing a whole new look to our Rosh Chodesh program! Some months of the year will feature the life of a Torah personality whose yahrzeit falls in that month. Alternatively, other months will focus on a significant historical event that occurred during that time. A broad range of talented educators will spotlight the people and events to present inspirational ideas and to highlight the relevance of their lessons to us.
